Trail Connection

Friars Creek Trail Connection

South Temple Park: Master Plan

Overall Scheme:

- 1 – Keep the flood plain area passive and enhance its natural features with development to include additional trail work with connectivity to surrounding residential development, mass tree planting, planting beds at select areas, seating, interpretive signage and wetland enhancement
- 2 – Develop the area outside of the flood plain with active uses for play to include playground, pavilions, parking and the family aquatic center
- 3 – Keep disc golf as an important recreational feature within the park within both active and passive space

Scale: 1" = 100'
